The outdoor exhibition for potato cultivation and machinery!

Aardappelwereld BV is media partner of PotatoEurope, an international event exclusively dedicated to the entire value chain of potatoes. Every year, the event takes place in one of its four partner countries: the Netherlands, Germany, Belgium and France.

PotatoEurope 2025 will be held in the Netherlands on September 3-4. The event will take place at a different location than the previous Dutch edition, namely at Wageningen University & Research (WUR) Field Crops in Lelystad. WUR Field Crops is located in the heart of one of the country's most important potato production areas. The previous edition of PotatoEurope in the Netherlands, which took place in 2025, welcomed some 275 exhibitors from 16 countries and attracted more than 15.000 visitors from 50 countries around the world.

As prominent media partner of PotatoEurope, Aardappelwereld BV in 2025 will once again publish the **Official Exhibition Catalogue** for PotatoEurope. This Official Exhibition Catalogue is a separate publication including amongst other things an exhibition floor plan and exclusive information about the exhibition's activities and lectures. The catalogue will be distributed to all visitors at the entrance of the exhibition. This unique presentation to the audience of this important industry event, offers advertisers an excellent opportunity to promote their service(s) and/or product(s) to potato industry professionals from all over the world.
