80 years of Aardappelwereld: Your opportunity to connect with the Dutch potato industry

In 2027, our Dutch magazine Aardappelwereld will celebrate its 80th anniversary. We have been closely following developments in the potato sector for eight decades. From cultivation and technology to trade, processing, research and breeding. Much has changed over the years, but potatoes and the people are still the heart of our trade magazine.
To mark this milestone, Aardappelwereld will publish a special anniversary edition in November 2027. This publication will reflect on eight decades of innovation, entrepreneurship and developments that have shaped the industry, while also looking ahead to the future of the potato sector. What changes have shaped the sector? Which innovations made the difference? And which companies and people determine the direction for the coming years?
The anniversary edition will also have a special editorial character, with historical stories, striking moments and images from our archive, combined with interviews, developments and visions of the future of the potato sector.

Celebrate the anniversary with us

For advertisers and business partners, this anniversary edition offers an excellent opportunity to present themselves to the professional Dutch potato industry.
